REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

The 2011-2012 school year was extremely successful for Ninety Six Primary School. We received an excellent rating on the state report card and we met the federally mandated AYP (Adequate Yearly Progress). In addition, we were authorized as an International Baccalaureate Primary School. As part of our commitment to consistent improvement, we continued to write, revise, and improve our IB units utilizing an inquiry-based approach to learning and authentic assessment to better assess the depth of student understanding of the content.

National Common Core standards were implemented at the kindergarten and first grade levels. Teacher training to 'unpack' the standards was provided to enable teachers to transition to the new standards. Second grade teachers will be focusing on Common Core standards during the 2012-2013 school year.

Technology at NSPS was updated to include wireless access throughout our buildings. An I-pad cart containing 30 I-pads was purchased, and training was provided to begin the integration of I-pad applications into the daily instructional process. We are committed to seeking ways for the integration of technology into daily lessons to prepare our students for the 21st Century. I am immensely proud of our staff, students, and community in their efforts to meet the many needs of the students we serve. It is an honor to serve as Principal of Ninety Six Primary School.
